OUR COMPANY

Established in 1987, Holiday Villa Hotels & Resorts is a distinguished international hotel group with a registered trademark spanning Asia, Europe, the Middle East, and the United Kingdom.

Guided by foundational pillars of talent development, technological innovation, and a strong commitment to Environmental, Social, and Governance (E.S.G.) principles, these core values have consistently enabled the group to exceed guest expectations and maintain excellence across its diverse portfolio. Founded by esteemed hoteliers Tan Sri Azman Shah Haron and Puan Sri Mavis Masri Azman, Holiday Villa's journey began with the opening of its first resort in Cherating, Malaysia, on a scenic 2.3-acre beachfront property featuring 34 guestrooms and 20 family apartments. Over its 37-year history, today, the group's portfolio encompasses 26 hotels and resorts across five countries - Malaysia, Indonesia, Qatar, Saudi Arabia, and China - offering over 5,000 guest rooms and suites, from modern city hotels to beach resorts, pool villas, and serviced apartments.

A significant milestone in Holiday Villa's global expansion came in 2022 with its partnership with GreenTree Inns Hotel Management Group (GTI), the parent company of GreenTree Hospitality Group Ltd. (GHG), a subsidiary listed on the New York Stock Exchange (NYSE). With a portfolio of 5,200 hotels and 400,000 guest rooms worldwide, this partnership opens new growth opportunities for Holiday Villa, particularly in the United States, the People's Republic of China, and ASEAN.

More than just a business collaboration, this alliance reflects a shared vision to deliver distinctive, culturally enriched hospitality experiences while expanding market reach and operational synergies. By leveraging combined expertise in hotel management, franchise operations, and ownership, the partnership aims to introduce the GreenTree brand into Southeast Asia, beginning with the GreenTree Hotel Johor Bahru, anticipated to open by 2026. This collaboration expands the group's hospitality network and benefits business partners, owners, and communities while delivering

unique, locally inspired guest experiences.

In 2023, Nina Karina, a City University London Law graduate with 13 years of experience within the group, was appointed Managing Director and C.E.O. Under her leadership, Holiday Villa is charting a course for continued growth and global success while preserving its enduring legacy. The brand remains dedicated to delivering a seamless blend of comfort, quality, and locally inspired experiences, further solidifying its hospitality reputation for world-class hospitality.

As part of its ongoing expansion, Holiday Villa Hotels & Resorts has continued to grow its portfolio with the launch of several new properties. In August 2024, we proudly opened the eco-friendly Holiday Villa Hotel & Suites Weihai in Shandong, China. This was followed by the debut of Holiday Villa Resorts & Suites Zilin Mountain, Guizhou in October 2024. Looking ahead to early 2025, we will welcome guests to Holiday Villa Spring Hotel Hengyang in Hunan. In Malaysia, the eagerly awaited Holiday Villa Hotel in Kuala Lumpur City Centre is set to open in early 2025, and the 206-room Holiday Villa Terengganu is slated for completion in the fourth quarter of 2025.

Holiday Villa's success is attributed to experienced leadership and a dedicated management team committed to growth and profitability while balancing the priorities of guests, owners, and partners to maintain comfort and quality. The group's commitment to innovation is further demonstrated by incorporating advanced technology into the guest experience, such as 3D virtual tours on the website, providing potential guests with immersive previews of each property, as well as AI-driven messaging and chatbot services for seamless, real-time assistance. These initiatives reflect Holiday Villa's dedication to enhancing service standards while supporting a forward looking vision in the evolving hospitality landscape.

BUSINESS MODEL

At Holiday Villa Hotels & Resorts, we operate through diverse business models in collaboration with our valued partners and associates.

Our portfolio encompasses hotel ownership and management and extends to strategic alliances that enhance the global reach and influence of the Holiday Villa brand

Management Service Contracts

A central element of our business strategy is management service contracts. Through these agreements, we offer our industry expertise to manage properties on behalf of owners, ensuring that each property aligns with the high standards synonymous with the Holiday Villa brand. This model allows us to create exceptional guest experiences and deliver profitability and sustainable growth for our partners.

Licensing Agreement

We extend our brand's reach through thoughtfully designed licensing agreements, allowing independent hotel owners to operate under the Holiday Villa brand. Our partners receive comprehensive support to align with our brand guidelines, operational standards, and quality assurance practices. By offering licensing rights, our partners benefit from our established reputation, marketing expertise, and robust support systems, including training, promotional resources, and operational guidance. This licensing model allows us to expand the Holiday Villa brand into new and emerging markets while maintaining a consistent and high-quality guest experience across all locations.

Joint Ventures Partnership

Our joint venture initiatives are based on shared ownership and investment between two or more parties to co-manage specific properties or a group of properties. This model works particularly well when entering new markets or developing large-scale projects, as it enables all parties to pool resources, share risks, and capitalise on their combined expertise. Joint Ventures with Holiday Villa often integrate licensing components, ensuring brand consistency and a commitment to quality standards. This collaborative approach fosters synergy and mutual growth while expanding the reach of Holiday Villa Hotels & Resorts.

Strategic Partnerships

Strategic partnerships are essential to our growth strategy, centred on building affiliations, joint ventures, and collaborations that align with shared objectives. These partnerships extend beyond traditional hotel ownership and management, encompassing diverse alliances to enhance in-house services and activities. By cultivating these strategic partnerships, we aim to elevate guest experiences, unlock new revenue streams, and maintain a competitive edge in key markets.

A Multifaceted Approach to Global Growth

By adopting this comprehensive and adaptable business model, Holiday Villa Hotels & Resorts not only expands its global presence but also nurtures long-term, mutually beneficial relationships with partners who share our vision of delivering exceptional hospitality experiences. This proactive initiative establishes standardised procedures for preventive maintenance, regular facility inspections, and cost-effective, long-term asset planning. The division supports all assets’ durability, reliability, and optimal functionality while minimising unexpected costs by providing each hotel’s engineering and maintenance teams with a structured framework aligned with best practices.

Beyond ongoing maintenance, the Property & Facilities division also plays an essential role in new property development. It oversees pre-opening activities, ensuring each hotel meets operational readiness and complies with operation standards.

The division closely monitors construction projects and promptly addresses deviations to maintain consistency. This comprehensive approach to asset management reinforces the brand’s commitment to excellence, enhancing both the quality of guest experiences and the long-term value of each property in the portfolio.
